## Make your event historic!

Opened in 1857 and completed in 1861, the Ohio Statehouse is one of the finest examples of Greek Revival architecture in the nation—listed by the National Park Service as a National Historic Landmark. Your guests will tread the same halls as U. S. Presidents, international heads of state and legendary power brokers of government and industry. Don't settle for anything less than a most memorable venue for your event. Clients may choose from a variety of venues including the Capitol Atrium, north and south Atrium porches, Rotunda, State Room, Ladies' Gallery and the exterior plazas. There is no other building in Ohio that is as rich in beauty, history and grandeur.

With everything we deliver — the food, the service, the experience — we approach it with the intention to make it the best it can possibly be, and to give unparalleled value for the price.

At the same time, it's important to us that we leave our world a better place than we found it. So, we focus on being a green company; composting, recycling and environmentally responsible practices are art of our everyday operations.

When a client chooses to work with us, whether they need a boxed lunch for 15 in conference room, a wedding for 275 or a cocktail party for 1,500, we realize that they've bought something important, and so we strive to deliver the highest-quality experience that we possibly can.
