

# Educator Open House at the Ohio Statehouse

**Calling all  
Ohio educators!**

Stop by the Ohio Statehouse  
on Saturday, September 16, 2017.

During this informal open house, staff from the Capitol Square Review and Advisory Board and other partnering organizations around Capitol Square will provide materials, information and short presentations about their available educational resources. Educators will have the opportunity to learn about tours, digital resources, lesson plans, programs and more.

Don't want to miss weekend time with your family? They're welcome, too! There are many family-friendly activities available at the Statehouse on the weekends, including public tours, scavenger hunts, special exhibitions and a hands-on museum.
